Using Filters

Filters are applied when the following green icon is displayed. Multiple filters can be applied at once. In the example below, the *Well Serial Num* parameter is activated. To change the parameter, select the filter icon.

The screenshot shows the SONRIS Data Portal Well Profile page. At the top, there is a logo for the Louisiana Department of Conservation and Energy. Below the logo, the page title is "SONRIS > Data Portal". The main section is titled "Well Profile". Under "Well Profile", there is a sub-section titled "Wells". A search bar with the placeholder "Search: All Text Columns" and a "Go" button is visible. Below the search bar is a "Actions" dropdown. A filter bar is present, with a dropdown menu showing "Well Serial Num equals 250000" and a green filter icon. The main table has columns: Flagged Operator, Well Serial Num, Well Name, Well Num, and Operator ID. The data row for the well with serial number 250000 is shown: 250000, LCV RA SUQ;EL HENRY 15-10 HC, 002-ALT, T7885.

The filter module displays. Change the parameter to a different *Well Serial Num* then select *Save*.

The screenshot shows a "Filters" dialog box. The "Enabled" column has a checked checkbox next to "Well Serial Num equals...". The "Name" column shows the filter name. The "Type" dropdown is set to "Column". The "Column" dropdown is set to "Well Serial Num" and the "Operator" dropdown is set to "equals". The "Value" input field contains "250002". At the bottom of the dialog box are "Help", "Cancel", and "Save" buttons. An orange arrow points from the "Value" input field to the "Save" button.

New results display.

Well Serial Num equals 250002

Flagged Operator	Well Serial Num ↑	Well Name	Well Num	Operator ID
	250002	SL 340 WEST COTE BLANCHE BAY	1118	P4963

Users can change the filter parameters. Select the filter module again, then select column drop down to display available parameters.

A screenshot of a filter dialog box. On the left, there's a list of filter parameters: Well Class Type Code, Operator ID, Operator Name, Spud Date, Permit Date, Original Completion Date, Last Test Date, Last Recompletion Date, Product Type Code, Mineral Interest?, State Interest?, Lease Num, Field ID. On the right, there's a form with a dropdown menu showing "Well Serial Num" selected, an operator dropdown with "equals" selected, and a text input field containing "250002". At the bottom are "Help", "Cancel", and "Save" buttons. An orange arrow points from the text "Select the filter module again, then select column drop down to display available parameters." to the "Well Serial Num" dropdown in the dialog box.

To query by Township and Range, scroll to *Township*. Key in the Township parameter (h), then select the icon to add an additional parameter (i)
